Resolved, "That the people
of the Island of Cuba are and of
right ought to be free and inde-
pendent."

ANNEXATION OF THE HAWAIIAN ISLANDS.

The Newlands joint resolution providing for the annexation of the Hawaiian Islands is meeting with determined opposition in the United States Senate. A majority of the Senate favors the resolution and its adoption is assured if it comes to a vote before Congress adjourns. It is claimed by many Senators that the islands should be annexed by treaty, but as that would require a two-thirds vote of the Senate, and a canvass of the members indicated that over one-third of them were opposed to it, the joint resolution method was adopted as it requires only a majority of both Houses to adopt it.

It is charged by the advocates of annexation that the Sugar Trust is opposed to it, and by the opponents of annexation that the Sugar Trust is in favor of it. These charges are made by Senators in the halls of Congress and it is impossible for those not on the inside to determine from the debates on the question which is right. It seems probable, however, that the Sugar Trust favors annexation as sugar is not refined on the islands though large quantities of raw sugar are produced there, but the attitude of the Sugar Kings toward annexation should not influence Congress in the matter, though it doubtless does.

If the Government purposes annexing the Philippine Islands with their nine or more millions of Malays and Mongolians, then the annexation of the Hawaiian Islands is a necessity, as Honolulu is 2,100 miles from San Francisco on a direct route to Manila and is the only coaling station between the two ports. But, on the other hand, if we hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, and the pursuit of happiness; that to secure these rights governments are instituted among men, deriving their just powers from the consent of the governed, then we cannot consistently annex the Hawaiian or Philippine Islands unless at least a majority of their inhabitants express themselves as being in favor of annexation. This they have not done, nor have they been afforded opportunity to express an opinion one way or the other on the subject.

TO INDEMNIFY THE STATES.

A bill has been introduced in Congress at the suggestion of the War Department, which provides for the indemnification of the several States for expenses incurred by them in raising troops for the war with Spain. The bill authorizes the Secretary of the Treasury to pay the Governors of States all reasonable expenses incurred in organizing volunteers and is similar in its provisions to the Act of 1861 for a like purpose.

The War Department under existing regulations pays for the transportation of volunteers to the place of enrollment and for their subsistence in the interval between enrollment and being mustered into the service of the United States; also office rent, clerk hire, etc., for recruiting and mustering officers. There are many incidental expenses, however, which the War Department does not pay and the proposed bill is for the purpose of authorizing the payment of those expenses by the Treasury Department. Congress appropriates all the money asked for to organize, arm and equip volunteers for the Spanish war and as the people are taxed for war revenue and the payment of interest on bonds, the War Department favors the payment of all expenses incident to organizing volunteers by the General Government.

What Fuzzled the Delegate.

A man who went away from home some time ago to attend a convention of Oshoro people, was struck with the beauty of the little town in which it was held. He had plenty of time, and while wandering about walked into the village cemetery. It was a beautiful place, and the delegate walked around among the graves. He saw a monument one of the latest in the cemetery, and read with surprise the inscription on it. "A Lawyer and an Honest Man."

"The delegate scratched his head and looked at the monument again. He read the inscription over and over.

Then he walked all around the monument and examined the grave closely. Another man in the cemetery approached and asked him.

"Have you found the grave of an old friend?"

"No," said the delegate, "but I was wondering how they came to bury those two men in the same grave."—St. Joseph News

CONDENSED WAR NOTES.

Dispatches from Playa Del Este say: A general assault on Santiago by land and sea forces began yesterday morning.

The Venustus used her dynamite guns with good effect. Hard fighting was in progress at 11 o'clock.

Secretary Alger received the following dispatch from General Shafter, dated 9:45 A. M.: "Action now going on but firing light and desultory. Be- gun on right near Caney, Lawton division. He will move on northeast port of Santiago. Will keep you continuously advised of progress."

A dispatch received at Madrid says Camara's fleet has passed through the Suez canal.

According to trustworthy intelligence from Manila, August, the Spanish Governor General, had an interview a few days ago with the German Admiral in order to propose in behalf of the Spanish Government that Manila should be surrendered to him. The proposal was declined.

The cruiser Topeka which was bought by the government just before the war put to sea yesterday from New York harbor.

It is reported at London that a cold-ness exists between Blanco and Cervera. Blanco ordered Cervera to leave Santiago de Cuba and the Admiral replied that he would be glad to but his guns were dismantled, he was without coal and the American Admiral was waiting for him outside.

The report that Camara's fleet had traversed the Suez Canal is discredited at Washington.

A dispatch was received at the Cabinet meeting, saying that the fight was growing furious all along the line. The Spaniards were shelling the Americans as they advanced and Admiral Sampson's fleet was hotly engaging the forts.

There are about 5,000 Cubans with the American army, which now numbers about 17,000 men. The Spanish army defending Santiago is estimated at from 10,000 to 20,000. General Fando should reach Santiago with 8,000 reinforcements in two or three days.

The advance will be made by General Lawton's division, and if the Spaniards show signs of retreating or circumstances warrant it, General Wheeler's and General Kent's division will join the advance and try to drive the Spaniards before them and enter the city. While the movement may not reach this extent to-day its purpose is to force the 5,000 men of General Lawton's command two miles nearer Santiago and to take the village of Caney and occupy the ridge overlooking the city.

A Line From one of Torrey's Terrors.

A. T. Rice received a postcard from his son Warren who is with Torrey's Terrors, and he writes as follows: TUBULO, Miss., June 28, 1898.

"Dear Folks:—Here we are wrecked again. I have no money to telegraph with, so will write. I am safe and not hurt. The number of hurt and killed this time is twenty or more. Colonel Torrey is badly hurt, they say. Troop M is all safe, except Staley who has either a broken or dislocated arm. It was a rear end collision and a bad one. The other wreck was caused by jumping the track; engineer and fireman both killed. Several men have been killed in other ways, will write particular when I get time.

DIAMANTINE THE MINT.

The Large Coinage Press to be Taken East.

The United States Mint at Carson is being partially dismantled. By order of the Director of the Mint, the large Ajax press, one of the best ever made has been taken down and shipped east. This indicates that no more coin will be struck at Carson while the gold party is in power. Henceforth, until the party which believes in an American financial policy gets control of the Government, the mint will be merely an assay office or at best a refinery.

Other causes besides the hostility of the Administration to those who do not meekly submit to Hannanism, are assigned for shipping the bullion and machinery of the Carson Mint to other mints. For years under Republican rule the employees of the Government, who were sworn and paid to protect the public property at the Mint were exercising their talent in devising ways and means to plunder the Government. They succeeded in stealing \$65,000 from the Mint and when brought to trial for the robbery every Republican sheet in the State raised the ho! that they were being persecuted. Juries were said to have been tampered with and all those in favor of giving the accused a fair trial were denounced as unpatriotic by the "truly loyal sheets" of the State, which persisted in asserting that \$65,000 was dissolved by acids and swept away in a sewer. An experienced mint official who examined the bullion and books at the mint and took an active part in the trial of the thieves sent copies of the papers which defended the plunderers to Washington and made a report which would have resulted in closing the Mint for all purposes had it not been for our Senators and Representative, who had much difficulty in getting an appropriation for keeping the refinery and assay office open.

This week the annual clean up was made at the mint and the inspectors found accounts straight and as represented, but the Treasury Department is determined that no more money shall be coined in Nevada while there is a goldbug Administration in power.

WEATHER BULLETIN

(Copyright, 1898, by W. T. Foster.)

St. JOSEPH, Mo., July 2.—My last bulletin gave forecasts of the storm wave to cross the continent from July 6th to 10th.

The next disturbance will reach the Pacific coast about July 11th, cross the West of Rockies country by close of July 12th, great central valleys 13th to the 15th, Eastern States the 16th.

Warm wave will cross the west of Rockies country about July 11th, great central valleys July 13th, Eastern States July 16th.

Cool wave will cross west of Rockies country about July 14th, great central valleys the 16th, Eastern States the 18th.

Temperature of the week ending 8 A. M. July 18 will average about normal in all parts of the United States and Canada. Rainfall for the same period will be below normal in the great central valleys and the Southern States and about normal elsewhere.

By the middle of July the cool part of the month will have passed in the Northern States and a long, hot, dry period will follow. About the same time the hot part of the month will have passed in the Southern States and a little more rain may be expected during the last half of the month.

Just now the question of tropical hurricanes in the West Indies is most interesting. I have not yet had time to work out this hurricane question but I know, in a general way, the cause of these storms. Without special calculations, I could not hope to give nearer than two weeks the dates of these dreadful destroyers.

For two months these hurricanes have weighed heavily on the War and Navy Departments and the Weather Bureau has only been able to say that July, August, September and October are the principal hurricane months in the West Indies and they know no more.

Our navy will be in the West Indies in strong force during July and to know even the probability as to hurricanes would be of great importance but the Weather Bureau cannot give our navy officers this information.

Without claiming to be an expert as to West Indian hurricanes I will say that probabilities are much greater in favor of these storms in August than in July for this year.

The history of these storms gives to August double the number that it does to July but indications are very much against there being any hurricanes this July and more in favor of occurrence in August.

But this is not the year for a great number of these tropical cyclones and no very great West India hurricane is expected although a few of the smaller of these storms may occur during the next four months.

District Court.

The order citing the City Council to appear in Court and show cause why an injunction should not be granted enjoining the Council from awarding a contract for the construction of water works, was before the District Court yesterday. It was stipulated that the City Council should not proceed further in the matter in question until a notice of same had been served on the attorney of plaintiff and that further hearing should be postponed.

Dr. Gibson examined a number of men yesterday who had enlisted in Company C. A few were rejected. The Doctor will probably conclude his examinations today.

HELP THE RED CROSS.

The Society Will Serve the Ball Supper Next Monday Night.

EDITOR JOURNAL:—For sometime past, I have thought of asking space in the JOURNAL with the view of enlarging somewhat the good work now being done by the Red Cross Society of Reno. I feel that the general public are not thoroughly conversant with the details of the work and the time and energy constantly given by and required of the members in this noble cause.

Manual bandages, caps, comfort base, combs and various other necessities have been supplied our boys and all of these articles represent not only time but a considerable amount of money. Many a train load of soldiers has passed through Reno and the men have been substantially fed and on only two occasions has the Society called upon those outside of its membership for provisions. The Society has supplied sandwiches, fruit and coffee at various times using its own funds for this purpose. A great many quiet their conscience when reference is made to these hungry men by saying, "Oh, the Government feeds them." So it does when it gets around to it, but an instance in point comes from an authentic source and brings the situation directly home to us. It is stated that Company A, First Nevada Cavalry, now located at the Presidio, has had no fresh meat for nearly a week and had not tasted warm food for three days, owing, it is claimed, to the system of red tape employed by the Government.

A few mornings ago a train load of troops arrived here hungry and upon seeing the Red Cross sign, the men ran shouting across the street from the depot expecting food, but none was forthcoming—the funds of the society were exhausted. Twelve or fourteen soldiers were lately delayed here for a whole day and were furnished meals and even lodgings by the Red Cross; all of which has been a drain on the Society's funds.

To replenish their treasury that they may continue the good work in which they are engaged, the Society contemplates serving supper at the ball to be given by the Wheelmen's Band on the evening of the 4th of July and it is to be hoped that the public generally will bestow a liberal patronage and thus enable the society to continue the good work until the conflict in which our country is now engaged is ended.

Discovered by Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and two bottles, has absolutely cured. NOTICE OF DISTRIBUTION.
In the Second Judicial District Court
of Nevada, in and for the County of
Washoe, in the Matter of the Estate of
M. D. Foley, Deceased.
I, T. W. Griffin, Administrator of the Es-
tate of M. D. Foley, deceased, and to Minnie
D. Foley, (formerly Minnie D. Foley) and
surviving wife of said M. D. Foley, deceased,
and to all persons interested in the estate of
said deceased, take notice that
John D. Foley, Jeremiah D. Foley, Edmond
D. Foley and Annie D. Foley, the brothers
and sisters of said M. D. Foley, deceased, hav-
ing heretofore to wit, on the 15th day of June,
1898, filed in this court a petition setting
forth among other things that they, the
petitioners aforesaid, and said Minnie D.
Foley, formerly Minnie D. Foley, and the
estate of John D. Foley, mother of said M.
D. Foley, deceased, who has died since the
death of said M. D. Foley, are the heirs at
law of said M. D. Foley, deceased, that all the
property of which said M. D. Foley died pos-
sessed was and is the separate property of
said deceased, and that the share thereof to
which said Minnie D. Foley is entitled, to
wit, the one-half thereof, has already been
distributed to her by a decree of this
court, that the other one-half thereof be-
longing to said petitioners and the estate of
said John D. Foley, and praying that said
remaining one-half of all the property of
said estate be distributed to said petitioners
and to the estate of said John D. Foley,
share and share alike, and the court by an
order duly entered, having set the hearing
of said petition for Monday, the 15th day of
July, 1898, at the court house in the city of
Reno, Washoe County, Nevada, at 10 o'clock
A. M. of said day, and having ordered due
notice thereof to be given.
You are therefore notified and are hereby
cite to appear at said time and place and
show cause, if any you have, why the prayer
of said petition should not be granted.
Witness my hand and the seal of said court,
this 23d day of June, 1898.
F. B. PORTER,
Clerk of said County.
Dated, June 25, 1898.

TO WHOM IT MAY CONCERN.
STATE LAND OFFICE,
CARSON CITY, NEVADA.
April 3, 1898.
NOTICE IS HEREBY GIVEN THAT THE
State of Nevada, under the Act of Con-
gress approved June 18, 1880, (21 Stat. 247),
has filed in the United States Land Office at
Carson City, Nevada, a certain plat of land
situated under said Act, and has applied for
a patent for said land, that a part of said
land is owned by the United States and
a copy thereof, by descriptive subdivision,
has been posted in convenient places in the
United States Land Office for the inspection
of all persons interested and the public gen-
erally.
Within the next sixty days following the
date of this notice, protests or contests
against the claim of said State of Nevada to
any tract or sub-division described in the
file, on the ground that the same is more
valuable for mineral than agricultural pur-
poses, will be received and noted by the Reg-
ister and Receiver of the United States Land
Office at Carson City, Nevada, for report to
the General Land Office at Washington,
D. C.
The following are the sub-divisions de-
scribed, to-wit: S $\frac{1}{2}$ of S $\frac{1}{2}$ E $\frac{1}{2}$ Sec. 12, a d

ceased, among the persons entitled; and
all persons interested in the said estate,
are hereby notified to be and appear, be-
fore the District Court of the Second
Judicial District of the State of Nevada,
Washoe County, at the Court-room of
said Court, in the City of Reno, on Sat-
urday, the 18th day of June 1898, at 10
o'clock A. M. of that day, being the time
and place set for hearing said petition;
then and there to show cause if any there
be, why an order authorizing the said ad-
ministrator to distribute the residue of
said estate, among the heirs of said de-
ceased, according to law, should not be
granted.
